PARK TOUR

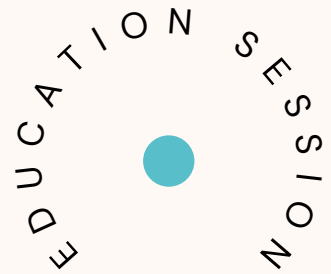

**May 19, 2026
NACPRO Annual Meeting
Sarasota, Florida**

Located in the heart of Florida's Gulf Coast, our parks and facilities offer a diverse tapestry of recreation and natural experiences for residents and visitors alike. From beautiful beaches and scenic nature trails, to exciting sports complexes and recreational facilities, Sarasota County provides opportunities for outdoor enthusiasts of all ages.

Immerse yourself in the beauty of our well-maintained parks, where community, connection and environmental stewardship thrive.

NATHAN BENDERSON PARK

Public-Private Partnership

Session Length: 2 hours (includes tour)

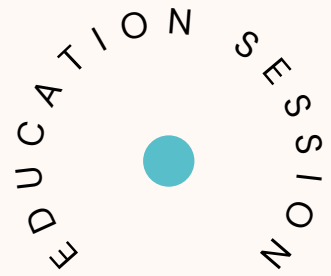

Nathan Benderson Park’s story is a case study in how a community can transform an underutilized property into a nationally recognized sports tourism and recreation destination through a strong public-private partnership (P3). This session will trace the park’s development from early visioning and capital investments to the creation of a purpose-built rowing venue and supporting park amenities, highlighting the key milestones, stakeholders, and decisions that shaped its evolution.

Participants will also learn how the park operates today—including governance structure, roles and responsibilities between the County and the operating partner, revenue streams, maintenance and event delivery, and how the model supports both public access and high-performing event operations.

NATHAN BENDERSON PARK

Public-Private Partnership

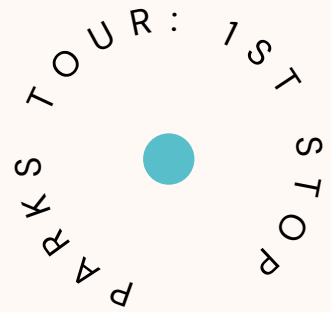

Learning Objectives

1. Learn about the potential benefits of a P3 model for park or facility development projects including accelerated project delivery, improved service levels and diversified funding.
2. Evaluate alternative park operations models and related impacts like increased tourism, economic activity, and expanded recreational opportunities.
3. Tour the facility to see, first hand, the different features and amenities.

17th STREET REGIONAL PARK and Circus Hammock Preserve

Park Information:

The 17th Street Regional Park is part of the North County Athletic Facilities Master Plan. Once complete, the full project will encompass approximately 165 acres. Phase 1 is under construction and will feature athletic facilities and amenities on the eastern side of the site. This includes four artificial turf multipurpose rectangle fields, eight youth softball fields, three adult softball fields and associated facilities. The western side of the regional park currently offers a popular dog park and softball fields. The master plan identifies a community park in this area that will be planned in the future when funding becomes available.

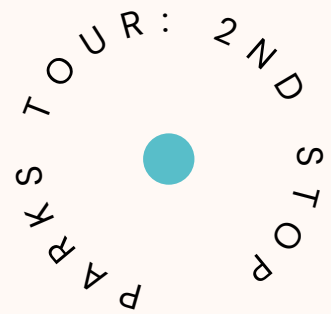

Circus Hammock Preserve is located along the west side of the regional park. It is a 22-acre natural area with unpaved walking trails through hydric hammock habitat. The property was purchased in 2006 through the Environmentally Sensitive Lands Protection Program (ESLPP). Wildlife inhabiting the area include box turtles, woodpeckers, red-shouldered hawks, and barred owls.

Current Amenities/Activities:

- Dog Park
- Dog-Friendly (Leash Required)
- Restroom
- Softball Field
- Trail - Unpaved

ED SMITH STADIUM AND PLAYER DEVELOPMENT COMPLEX

Baltimore Orioles Spring Training

Park Information:

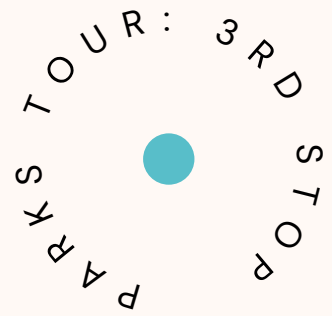

Sarasota County celebrated its 100-year anniversary as a Major League Baseball Spring Training destination in 2024. Over the years, several teams have called Sarasota home, including the Chicago White Sox, Boston Red Sox, Cincinnati Reds, and the New York Giants (now the San Francisco Giants).

Today, the Atlanta Braves and Baltimore Orioles continue this legacy, hosting Spring Training at CoolToday Park and Ed Smith Stadium, respectively. Ed Smith Stadium opened in 1989 and underwent a complete renovation in 2010. Earlier this year, the Orioles further enhanced the facility with the addition of a Player Development Complex, a high-performance indoor batting and pitching center.

The Baltimore Orioles' new Player Development Complex opened this past February. The 47,700 SF facility is an extension of their existing baseball operations center at Ed Smith Stadium, and features an indoor infield, biomechanics lab, 8-mound bullpen, outdoor agility field, classroom and player lounge. The complex is the first of its kind among MLB Spring Training facilities in Florida, and will allow the team to rehab, train, and assess players on a year-around basis.

YOUTH ATHLETIC COMPLEX

BMX Supercross Track

Park Information:

The Sarasota BMX track is the country's oldest continuously running BMX track. In 2016, the track was upgraded and now includes a 5-meter ramp, an 8-meter ramp and a dual-purpose amateur and supercross track. Sarasota has been a favorite spot for racers to return year after year.

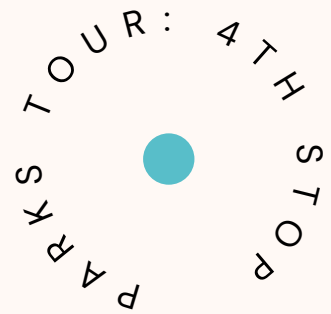

Sarasota BMX is leading the way for the sport's youngest riders called the Striders. With a dedicated Strider-only track, the facility hosts races twice a month, giving toddlers and young children (ages 18 months to 6 years) the chance to join in on the excitement and be part of the action.

Youth Athletic Complex Amenities/Activities:

- Baseball Field
- BMX Track
- Dog-Friendly (Leash Required)
- Football Field
- Pickleball Court (Outdoor/Dedicated)
- Picnic Shelter / Pavilion
- Playground
- Restroom
- Tennis Court

POMPANO TRAILHEAD AND BABE RUTH PARK

Access Point to The Legacy Trail

Park Information:

Opened in 2022, Pompano Trailhead features 12 lighted pickleball courts, basketball court, playground, community building, pavilion, restrooms, and opportunities for permitted mobile vending. It is also an access point to The Legacy Trail, a non-motorized multi-use trail, just under 20 miles in length, which extends from North Port to northern Sarasota. Formerly a railroad corridor, the trail passes through a variety of unique habitats and includes a series of interpretive signs and stop stations.

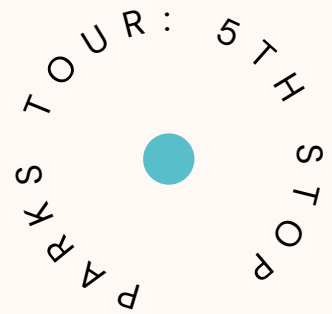

Neighboring Babe Ruth Park was acquired by Sarasota County in 1964 and is home to the Sarasota Youth Baseball Babe Ruth League for ages 13-15. This 22-acre athletic complex has four baseball fields, a concession stand, a passive play area, picnic facilities, restrooms and parking.

Amenities/Activities:

- Basketball Court (Outdoor)
- Baseball Fields
- Dog-Friendly (Leash Required)
- Grills
- Indoor Rental Space
- Pickleball Court (Outdoor/Dedicated and Dual Use)
- Picnic Shelter / Pavilion
- Playground
- Restroom
- Trail - Paved

RED BUG SLOUGH PRESERVE

Natural Habitat in an Urban Area

Park Information:

Red Bug Slough Preserve was purchased in 2001 through Sarasota County's Environmentally Sensitive Lands Protection Program (ESLPP) and Florida Forever funds from the Florida Communities Trust. The diversity of habitats at the preserve support a variety of wildlife species. Look for animals such as river otters, bobcats, alligators, wood ducks, red-shouldered hawks, butterflies and wading birds. Native flowering plants, which can be found throughout the preserve during all seasons, include partridge pea, beautyberry, moonflower, loblolly bay and pickerelweed.

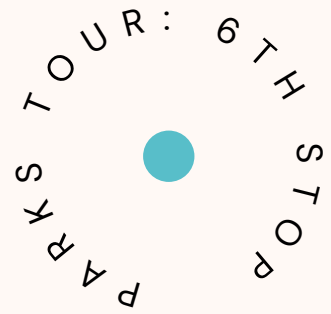

The preserve offers shaded, accessible nature trails, butterfly gardens, a small playground, benches, picnic shelters and restroom facilities. In addition, there is a fishing pier located on Red Bug Slough. Historically, the slough was a series of isolated marshes that would overflow during the wet season and form a flowing waterway during periods of high water. Today, the slough has been channelized and flows continuously throughout the year.

Amenities/Activities:

- Birding
- Dog-Friendly (Leash Required)
- Fishing Pier
- Picnic Shelter / Pavilion
- Playground
- Restroom
- Trail - Paved and Unpaved

PHILLIPPI ESTATE PARK

Edson Keith Estate

Park Information:

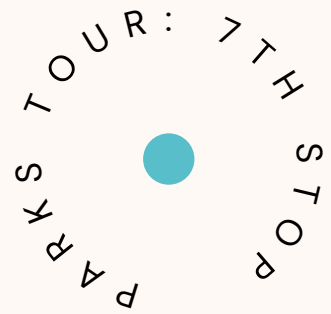

Phillippi Estate Park, located on the shores of Phillippi Creek, is a scenic, 60-acre natural area park south of downtown Sarasota and east of Siesta Key. The park has environmental, recreational, historical and archaeological features, including the historic Edson Keith Mansion and Keith Farmhouse, which are both listed in the National Register of Historic Places.

Edson Keith constructed the Phillippi Estate Farmhouse in 1916, where he resided during the mansion's construction. The property's second owner, Mae Hansen Prodie, was doll company proprietor from Chicago. After Prodie's passing, Sarasota County purchased the estate in 1986.

Amenities/Activities:

- Canoe/Kayak Launch
- Dog-Friendly (Leash Required)
- Fishing Pier
- Historical / Cultural Resources
- Indoor Rental Space
- Picnic Shelter / Pavilion
- Playground
- Restroom
- Trail - Paved and Unpaved

TURTLE BEACH PARK and Turtle Beach Campground

Park Information:

Turtle Beach Park is located at the south end of Siesta Key with more than a half-mile of beach frontage on the Gulf. The park's boat ramp provides easy access to Blind Pass Lagoon and Little Sarasota Bay, which is part of the Sarasota Bay National Estuary Program. Palmer Point Beach Park and Jim Neville Marine Preserve, a popular area for kayaking and bird watching, are a short boat ride away.

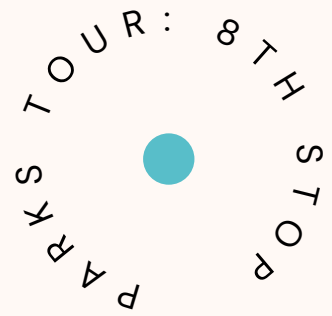

Turtle Beach Campground, Sarasota County's popular beachfront campground, is adjacent to the park and offers 39 full hook-up RV and tent sites.

Amenities:

- Beach access
- Birding/wildlife viewing
- Boat ramp
- Canoe/kayak launch
- Fishing pier/ fishing
- Grill
- Pavilion / Picnic Shelters
- Playground
- Restrooms
- Shelling
- Swimming

SIESTA BEACH

Number 1 Beach in USA

Park Information:

Siesta Beach continues to rank highly on the “Top Beach” lists curated by worldwide travelers and renowned coastal experts. Its nearly 100% quartz-crystal sand has been dubbed the “world’s finest, whitest sand.” The 2016 \$20 million-dollar renovation added a new playground, two concession stands, more restrooms, a half-mile long esplanade, many shelters and pavilions, and renovated the existing Sarasota School of Architecture pavilion. With 950 parking spaces, this venue provides the most parking for any public beach in Sarasota County.

Amenities/Activities:

- Beach access mat and beach wheelchairs
- Birding
- Food and beach sundries concession
- Grills
- Pickleball and tennis courts
- Playground
- Restrooms
- Sand volleyball courts
- Scenic overlooks
- Shelters/pavilions
- Swimming
- Trail – paved

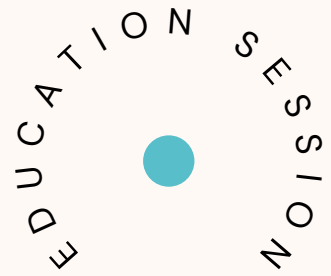

EDUCATION SESSIONS

May 20, 2026
NACPRO Annual Meeting
Sarasota, Florida

Held on the 5th floor of the
Finish Tower at
Nathan Benderson Park

BABY BOOMERS TO ZOOMERS:

The New Digital Age

Session Length: 60 minutes

Parks and recreation agencies are navigating one of the most complex workforce landscapes in history, often employing up to five generations at once. From communication styles to technology comfort and AI adoption, generational differences shape everything from staff morale to operational efficiency.

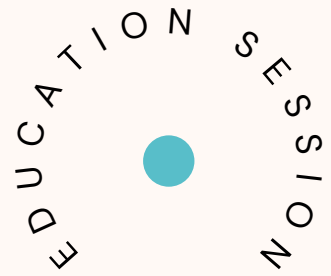

This session offers practical, people-first strategies for bridging those gaps while introducing modern digital tools in ways that build trust, not resistance. We'll explore how technology, and AI-powered tools, can unite multigenerational teams rather than divide them, meeting each generation where they are while moving the whole organization forward.

Attendees will leave with leadership frameworks to improve collaboration, recruitment, retention, and resident engagement, all without losing the human-centered mission that defines parks and recreation. Whether you're managing a seasoned staff member who prefers a phone call or a Gen Z hire who regularly interacts with a chatbot, this session will equip you to lead with confidence in the new digital age.

BABY BOOMERS TO ZOOMERS:

The New Digital Age

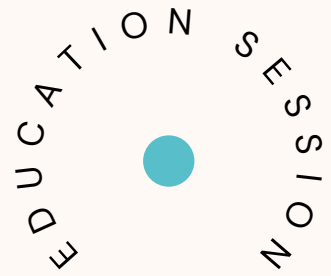

Learning Objectives

1. Analyze how generational differences influence communication, workplace expectations, and technology adoption within parks and recreation departments.
2. Apply inclusive leadership and change management strategies that increase buy-in when implementing new systems, including AI and other digital tools.
3. Design actionable recruitment, onboarding, and retention approaches that resonate with a multigenerational workforce and evolving community expectations.

CAPRA ACCREDITATION: Tools, Tips and Teamwork

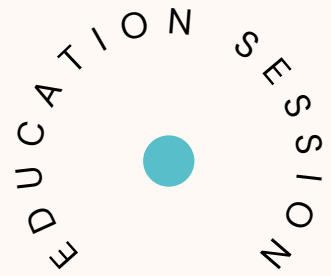

Session Length: 60 minutes

This session provides a comprehensive overview of the Commission for Accreditation of Park and Recreation Agencies (CAPRA) accreditation process, covering requirements, timelines, and best practices. Learn how to efficiently use document management tools, promote staff engagement, and create a collaborative environment. Gain actionable tips for overcoming challenges and leveraging organizational strengths to achieve successful accreditation.

CAPRA ACCREDITATION: Tools, Tips and Teamwork

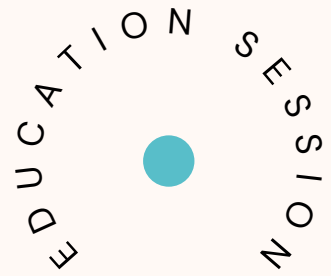

Learning Objectives:

1. Gain an overview of the CAPRA accreditation framework, including requirements, timelines, and best practices.
2. Learn to use document management tools to organize, track, and submit materials efficiently.
3. Explore strategies to promote staff engagement, creating a collaborative environment to support CAPRA goals.

BUSINESS IN PARKS: Balancing Mission, Revenue and Public Trust

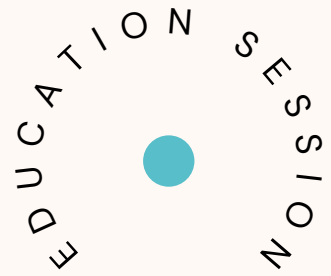

Session Length: 60 minutes

This session highlights how Sarasota County Parks, Recreation and Natural Resources has developed a comprehensive “Business in Parks” model to generate sustainable revenue while protecting public access and natural resources. It explores the structure and management of initiatives such as commercial recreation permits, mobile vending, concessions, the Phillippi Farmhouse Market, and campground operations at Turtle Beach Campground and Snook Haven Campground. Attendees will learn about the legal foundations, operational oversight, funding strategies, and real-world challenges behind these programs, gaining practical tools to structure commercial use policies, support small businesses, and balance entrepreneurship with park stewardship.

BUSINESS IN PARKS: Balancing Mission, Revenue and Public Trust

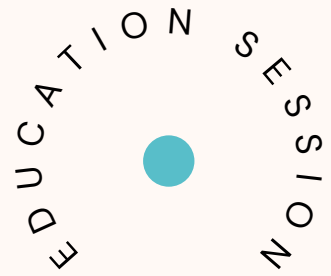

Learning Objectives

1. Develop or refine commercial use policies that balance revenue generation, small business support, and protection of park resources.
2. Design effective fee and permit systems that are practical to administer and aligned with operational realities.
3. Identify and evaluate park sites suited for commercial services, applying real-world lessons to enhance visitor experience while maintaining park integrity.

LAND ACQUISITION AND MANAGEMENT PROGRAMS Sarasota and Charlotte Counties

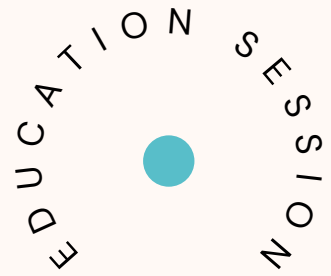

Session Length: 60 minutes

This session explores how Sarasota and Charlotte Counties have successfully implemented voter-supported land acquisition programs to protect environmentally sensitive lands while expanding public access to parks and natural areas. Participants will learn how both counties structured referenda and dedicated funding mechanisms to acquire and manage environmentally sensitive lands. The session will highlight how site selection, citizen oversight committees, and partnerships with conservation organizations help guide acquisition efforts and ensure transparency. The outcomes from both counties demonstrate how acquisition and protection of these lands ensures wildlife and habitat conservation, water quality and flood protection, outdoor recreation opportunities, and that these natural areas will be there for future generations. Attendees will gain practical insights into building environmentally sensitive land acquisition programs that protect natural resources while supporting community priorities and long-term resilience.

LAND ACQUISITION AND MANAGEMENT PROGRAMS

Sarasota and Charlotte Counties

Learning Objectives

1. Learn about the history of the voter-supported land acquisition programs in Sarasota and Charlotte Counties.
2. Identify key components of successful local land acquisition programs, including voter-approved funding mechanisms, bond financing, and dedicated tax revenues.
3. Learn about successful acquisition case studies of the programs, while also learning about possible roadblocks, and do's and don'ts.
4. Identify ways to implement a similar program by becoming familiar with funding options, resources, partners and tools for land acquisition and management.

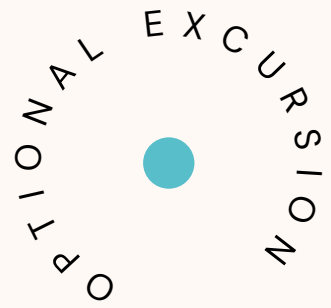

OPTIONAL EXCURSIONS

May 18 & 21, 2026
NACPRO Annual Meeting
Sarasota, Florida

Enhance your conference experience by participating in optional excursions offered in conjunction with the Annual Meeting program. These experiences provide unique opportunities to explore, connect, and engage beyond the conference sessions.
